

At the heart of your heart is my own
At the heart of my heart is your own
I calls upon *Us*
As *Us* calls upon all *I*'s
Within the heart of love

You breathe in love
Love exhales itself within you
We breathe in love
Love exhales itself within *Us*

In one breath
We are
The flowing essence
At the heart of love

The beating of our hearts
Breathe out in all worlds
From our united *I*'s
Into an *Us* yet unheard of

The *I* so uniquely beautiful
Embracing it within *Us*
Heart in hand
The *I*, *Us*, love
